Kömmerling®

THE BRAND THAT CREATES **AN IMPECCABLE MARK**

Where the world evolves in tandem with innovation and ground-breaking approaches, there comes a need for global players to realise what really matters and devise strategies that create an ecosystem with sustainable methods to preserve the environment and cater to the people with thoughtful solutions. Koemmerling, as a global entity and one of the most innovative and leading brands, focuses on developing premium window systems that keep nature in mind.

WINSTA™
uPVC DOOR & WINDOW SYSTEMS

Today India , particularly the N E region stands at a threshold of a change. Our country dotted exuberantly with myriad colours, designs and structures is taking shape as a glorious new India. Yesterday is giving way to tomorrow's vision and today is being shaped carefully.

In our region, almost 75 % of trees that are cut and being used for making of doors, windows & furniture which is an alarming situation today. Moreover,staying in the cities and between the high raise buildings we tend to forget our responsibilities towards nature. In order protect our 'Mother Erath' as well as to support the green constructions with the growing demand for green building products, and in search of an alternative to replace conventional steel, aluminium and wooden windows and doors.

We at Sunwin Technologies , have joined hands with the pioneers of the fenestration industry **KÖMMERLING** in the brand name **' WINSTA'**
Winsta uPVC doors and windows made of Kommerling profiles are 100% lead free (Pb) and other hazardous substances. This product has received approval for green building concept. Kommerling uPVC profiles are designed as per Indian tropical conditions and are extruded and tested. These profiles are designed and developed for a wide range of glass sizes varying from 4 mm to 32 mm which help to create a superior substitute for the conventional wooden frames considering the cost, strength, beauty, precision and ecology.

With the state-of-the-art manufacturing facilities along with European machines and skilled manpower, we are able to deliver quality windows and doors along with freedom of customisation.

TODAY FOR TOMORROW. IT'S WHAT OUR BRAND KOEMMERLING STANDS FOR.

Dr. Peter Mrosik,
Owner and CEO, profine Group

'Living up to our responsibility means protecting the future. Our goal is to create a sustainable loop for high-quality products made of synthetic materials. We're developing the right solutions today for tomorrow's world and future generations.

As determined and ambitious doers, we have the strength and the will to deliver positive change in everything we do. But we want to be more than a pioneer. We want to be a role model for others. A role model for anyone who – like us – feels equally committed and capable of rising to this major challenge. Taking action today and making the right decisions for tomorrow is at the heart of everything we do.

We're making this commitment clear to the outside world with a completely new brand identity featuring a new design, a new logo and a new slogan.

Today for Tomorrow is what our brand Koemmerling stands for.'

THE KOEMMERLING **EDGE**

At Koemmerling, we're not just making windows and doors but crafting a sustainable future for the generations to come. We take pride in our efficient R&D techniques to develop country-specific systems using state-of-the-art extrusion facilities comprising advanced extrusion machinery and tooling as per International quality standards. With a consumer-centric approach, we focus on creating window and door systems made from international quality standards, making them a league apart from other players in the market.

WORDS OF
APPRECIATION

Witness for yourself what our customers have to say about our uPVC windows and doors solutions.

"It was my architect who insisted on KOEMMERLING. But I was convinced only after finding out more. The quality, industry-best features, and innovations like greenline make KOEMMERLING stand head and shoulders over other brands."

-Aditya Phukan

"I am very satisfied with the quality and appearance of KOEMMERLING uPVC doors and windows. I wanted something that matches the aesthetics of my home, and has superior quality. What makes these windows even better are the features like sound insulation and protection from dust."

-Jaya Iyer

"After using KOEMMERLING for over a year, I highly recommend these windows. Their soundproofing and water resistance actually work. Despite overlooking a very busy road, my house is peaceful and also water doesn't seep in during lashing rains."

-Kavitha Padiyoor

"KOEMMERLING windows and doors are value for money. But I found them so advanced and technologically superior that it was worth every rupee. I am glad I chose KOEMMERLING."

-Prashant Sharma
